Dear Councilman Pitts:

For several years Mr. Ivor Mason has organized fund-raising events to raise money for cancer research, which he has kindly donated to The Miriam Hospital...This year he would like to have a procession of about 200 individuals march down Hope Street from Cypress Street to his home at 178 Doyle Avenue. This procession would take place on Saturday, August 18, 1984 and would start at about 8 A M., lasting no more than one hour.

We would very much appreciate your giving permission for this event to take place. I do not know what conditions would have to be met to accommodate this "walk", but The Miriam Hospital would be grateful for any assistance you can give us.

Please let me hear from you so that I can be in touch with Mr. Mason.

Thanks for your cooperation.

Sincerely,

Dear Sir:

The enclosed article describes a program that is designed to help all segments of our community. Based on that promise, we are soliciting the assistance of all civic organizations to make the day's program a success.

As part of the opening ceremonies at 8: A.M., on Saturday, August 18th, 1984, we would like members of your batallion to present the colors, and to participate in a small procession along Hope Street from an appointed spot to the premises of 178 Doyle Avenue. Your batallion's participation will be accompanied, by the Cape Verdean American Veterans, the Cape Verdean American Ladies Auxiliary, a group from the Providence Girl Scout and also a group from troop 82 Boys Scout of Providence which will enhance the patriotic theme of our program. That is, a group of concerned citizens doing a small part to give people the opportunity for a better life in the future, - to remove the fear of cancer. If you find that you are able to honor our request, please reply at your earliest convenience.

Thank you for your consideration in this matter.

Sincerely,

Ivor Mason
