**Subject:** RE: Public Works Committee Responses

Response to the following:

Resolution Requesting the Director of Public Works to Clean and Lien 101 Pomona Avenue.  
Resolution Requesting the Director of Public Works to Clean and Lien King Street.  
Resolution Requesting the Director of Public Works to Clean and Lien 95 Fairmount Avenue.

Dear Council members of the Committee on Public Works:

Cleanups can only be performed during the spring, summer, or early fall due to weather conditions. Since we are currently in the winter season, any clean and lien actions must be postponed until the onset of spring and favorable weather. Further, before such action can be initiated, a violation(s) must be clearly visible – that is, not obscured or covered over with snow – and meet our general guidelines for a clean and lien. At present, there are no visible violations. Although this is likely to be a temporary situation, enforcement action cannot legally be taken at this time.

More important are the lack of budgetary resources for the completion of this work. The clean and lien line item in the Environmental Services budget remains unfunded; as a result, we cannot employ a vendor to perform this work or pay Public Works crews to do this work outside of normal business hours.

Thank you for your consideration.  
Daisy Diaz
