Resolution Requesting the Board of Licenses update its forms and applications to properly reflect what is required by the Code of Ordinances.

*WHEREAS*, Efficient and proper management of all licenses and license applications is an integral part of the duties of the Board of Licenses and its staff; and

*WHEREAS*, Failure to enforce the licensing laws and to ensure the veracity of information submitted by license applicants compromises the integrity of the City's entire licensing system; and

*WHEREAS*, After a review of the Board of Licenses, its practices, policies, and procedures, in 2013, the City Council passed ordinances designed to address issues that were found, including ordinances revising the information required on the applications and forms used in the Board of Licenses office; and

*WHEREAS*, Despite these ordinance changes, three years later, forms and applications used by the Board of Licenses still do not include all the information required by the laws of the City; and

**WHEREAS**, For example, the form used for Entertainment License applications is missing 14 of the 16 required items enumerated in Sec. 14-195 of the Code of Ordinances, including such important items as security plans, ownership information, employee criminal background checks, floor plans, and more; and

**WHEREAS**, Since Board of Licenses forms do not collect all that is required by law, the Board of Licenses is not properly receiving critical information about license applicants and their businesses; and

**WHEREAS**, Moreover, when it comes to certain license renewals, the lack of proper forms and applications leaves the Board of Licenses unaware of major and potentially problematic changes at license-holding establishments; and

**WHEREAS**, As the elected representatives of the people of Providence, the City Council has a responsibility to ensure that the laws of our city are upheld and enforced properly.

**NOW, THEREFORE, BE IT RESOLVED**, That the City Council of the City of Providence does hereby request that, within ten (10) business days, the License Administrator update the forms and applications used in the Board of Licenses office to properly reflect what is required by the Code of Ordinances.

**BE IT FURTHER RESOLVED**, That, upon passage, copies of this resolution shall be sent to the License Administrator, Chairman of the Board of Licenses, the Chief Operating Officer, and the Mayor.

Resolution Recognizing the month of November as National Complex Regional Pain Syndrome (CRPS) Awareness Month.

**WHEREAS**, Complex Regional Pain Syndrome (CRPS) also known as Reflex Sympathetic Dystrophy (RSD) is a rare nerve disorder which causes the brain to send constant pain signals to the body causing chronic pain; and

**WHEREAS**, Anyone can get CRPS/RSD. It can strike at any age and affects both men and women, although it is much more common in women. The average age of affected individuals is about age 40;

**WHEREAS**, Symptoms of CRPS/RSD include dramatic changes in color and skin temperature in the affected limb or body part, swelling, sensitivity and chronic burning pain, and symptoms may spread to different parts of the body; and

**WHEREAS**, Currently there is no single diagnostic test to confirm CRPS/RSD. CRPS can occur after an injury or trauma to the affected area of the body; and

**WHEREAS**, The causes of CRPS/RSD are uncertain and there is currently no cure; The prognosis of CRPS varies from person to person and many individuals are left with unremitting pain and crippling, irreversible changes despite treatment; and

**WHEREAS**, The National Institute of Neurological Disorder and Stroke (NINDS), dedicated to research for the brain and central nervous system, have scientists studying new approaches to treat CRPS/RSD and intervene more aggressively after a trauma or injury to lower the chances of developing this condition; and

**WHEREAS**, This research is encouraging to everyone who hopes CRPS/RSD will one day be eliminated; and

**WHEREAS**, In November members of the Complex Regional Pain Syndrome/Reflex Sympathetic Dystrophy Syndrome community, including support organizations such as the American RSDHope Organization, the International Research Foundation for RSD/CRPS, and Reflex Sympathetic Dystrophy Syndrome Association (RSDSA) will be spreading awareness around the world of this poorly understood disorder.

**NOW, THEREFORE, BE IT RESOLVED**, That the City Council of the City of Providence does hereby recognize and honor the month of November as National CRPS Awareness Month.

## PERSONAL EXPRESSION

**COUNCILMAN IGLIOZZI Requests the privilege of the floor to speak on a Point of Personal Expression and states:**

**“I just want to give an update from the Finance Committee on the pending precedent setting five year firefighters contract. Just very quickly, as you know back in September the administration executed or signed an agreement with the firefighters and at that time submitted a tentative agreement to the council. At that moment in time, there was no financial data or backup or fiscal note associated with it. A month or so later, the Finance Department was then engaged to be involved to start writing up a fiscal note after they did the negotiations for thirteen months or so. The Finance Department then submitted a fiscal note with financial data to the proposed precedent setting five year contract, and as you know, at the time the Mayor claimed there was going to be alleged \$15 million dollars’ worth of savings at the time. A month later after they claimed it, the Finance Department didn’t follow-up with a fiscal note that had that claim of alleged \$15 million dollars. Post that, which was September/October, the Internal Auditor then received it and the Internal Auditor at the same time was sending out a series of questions as well, as myself and the committee, to the administration, financial questions and they were submitting information. The Internal Auditor then, as you know, did an evaluation on that proposed fiscal note and he showed and exposed that the administration fiscal note was short about \$7.5 million dollars. After the Internal Auditor then presented it to the council, the administration’s position was, and I think I quote, “They will vigorously defend the number of the alleged claim.” So, then as you know last week we had a follow-up Finance meeting and none of the financial people could attend. Just so you understand the financial team that negotiated the contract was Brett Smiley, who is no longer here, Elaine Richards and the third person was Mr. Cavazza. Those were the three financial folks. Now, Mr. Smiley is not available, of course, and Mr. Smiley wasn’t there towards the end. Mr. Cavazza, as you know, has an extensive background in city finances and the city’s pension system and also knows how to run a Fire Department. He was one of the lead negotiators on the fire interaction as well as Ms. Richards, who has some extensive background in the city’s budget, the city’s finances and the city’s pension system. So, they had a crack team of individuals who had extensive knowledge of these types of elements. What was concerning was last week instead of explaining how their fiscal note was short about \$7.5 million dollars, the administration, this seems to be the new term, double down and instead they submitted another fiscal note claiming now there is \$20 million dollars’ worth of savings. So, now presently the Internal Auditor’s Office is now reviewing that. So, we went from \$15 million dollars of alleged savings to being short by \$7 million by the Internal Auditor, now they double down and are claiming \$20 million. The Internal Auditor at this time preliminarily believes of course that number is most likely not a real number. He is in the process of evaluating that again. So, now we are going through the process once again. What’s concerning and I say to all my colleagues is, there seems to be this consistent pattern of them trying to back into a number that they wanted to sell to the public. Now, at the end, whether it’s \$2 million dollars’ worth of savings or \$5 million dollars, the goal of the committee will be to at least know what and if there is any savings. Then you can make your own evaluation of whether or not it’s worth it to enter into a five year precedent setting contract that doesn’t have the alleged savings that they claim, doesn’t have any pension reform and doesn’t show a compelling argument to go into five years of a contract.**

Remember now this will be precedent setting. Going with a five year contract is something that is a unique request and usually you get something extraordinary back. So, just so you all know. So, at the end you will have all that information. The Internal Auditor now is in the process of reviewing it. There will be another Internal Auditor's report and then we can go from there. We will have another hearing and then we can hear from that point. I'm thinking maybe, it seems the pattern is that if the Internal Auditor comes back with the report, I think if we wait another week the administration may come back with another fiscal note and say there is \$25 million dollars' worth of savings. It looks like if I wait a week we get another \$5 million dollars of alleged savings. So, if we wait another month maybe we will get like \$30 million or \$40 million dollars' worth of savings. All I know is this number keeps on moving around and at the same time the administration presented the alleged dire consequences if we don't move on this because they have pending arbitration matters, which they created themselves. The funny thing is they keep on increasing the number of savings on one end, but on the other end they keep on saying we're losing money. They seem to be all over the place with the finances of this. So, the Internal Auditor's Office is doing their diligence. You're going to get full disclosure. You will have all the information from them and I think what we have to do is defer to at least a resource in the Internal Auditor's Office that has the financial background, who knows the city's budget, who knows the city's pension system and who knows the city's management of its budget for many years. So, we're going to get that and if you hear something, that's where we are, that was just dropped last week. If you have any other questions, please call me and we will have a new report soon. Thank you."
