U. S. House of Representatives

Feb. 14, 1877 Clerk

The following employees of Narragansett Electric Company are requesting that the NO PARKING signs posted on Melrose Street from the corner of Longfellow Street to Cadillac Drive be removed. Melrose Street widens at this point allowing room for parking on both sides. There are no houses here and the traffic is very light.

Parking was permitted here until the utility workers went on strike during the summer of 1975. At that time the police may have decided that cars and strikers were obstructing traffic. If you take a survey now, we are sure you will find that parking here would not obstruct traffic nor cause accidents and therefore should be permitted.

We would appreciate your consideration in this matter.

RE: Resolution No. 149
3/7/77

Gentlemen:

The Traffic Engineering Department has received the above referenced resolution and has taken the subsequent action:

Request: That the Traffic Engineer is requested to remove "No Parking" signs posted along Melrose Street from Longfellow Street to Cadillac Drive, thus permitting parking.

Disposition: A survey of this area showed the street to be narrow. In addition, there is adequate off-street parking in this area. This requested is not warranted at the present time.

Very truly yours,
