RE: Gordon Avenue School Project

Dear Members of the Providence City Council:

In connection with the above project that was approved by the City Council of the City of Providence, Rhode Island by Resolution No. 211 on April 6, 2000, the Providence Redevelopment Agency (hereinafter, the "PRA") has taken the necessary steps to acquire by eminent domain the proposed site of the new schools being constructed within the Lower South Providence Redevelopment Project. Such condemnation was authorized by Ordinance No. 181 passed by the City Council on April 8, 1999 entitled "In Amendment of and in addition to Chapter 1984-36 of the Ordinances of the City of Providence, approved May 24, 1984, and entitled, An Ordinance Approving the Official Redevelopment Plan for the Lower South Providence Redevelopment Project As Amended For Additional Acquisition."

Pursuant to Rhode Island General Laws Section 45-32-5 (a)(11), as amended, the Providence Redevelopment Agency submits this letter as its updated report concerning the intended transfer of the property to be condemned to the Providence Public Buildings Authority (hereinafter, the "PPBA"). Specifically, the PRA has agreed to transfer the property located on Gordon Avenue, Potters Avenue and Baxter Street that will be the site of the new Gordon Avenue School Complex to the PPBA in consideration of the PPBA's payment to the PRA in cash of any and all amounts of just compensation determined to be due the former property owners in connection with such condemnation. At the present time, the estimate of the PRA concerning the amount of just compensation that will be paid is approximately \$218,065 in accordance with recent appraisals of the property and an Order entered by the Superior Court on April 25, 2000.

Communications

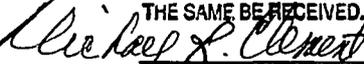

This letter and report is sent as an official communication to the City Council from the PRA summarizing the particulars of the intended transfer as required by applicable law.

Very truly yours,

Samuel J. Shamoon, Secretary
Providence Redevelopment Agency
