Dear Councilman Matera:

Under date of September 4, 1964, we received an official memorandum from the Office of the City Clerk in which they enclosed a petition to the City Council requesting the abandonment as a public highway Moore Street from Elmwood Avenue to its westerly termination. We have checked our facilities in that portion of Moore Street being considered for abandonment and the following is the depreciated value of our facilities in this highway:

222.37 ft. of 6" C.I. Main installed in 1873	\$393.15
6" Gate Valve #R40.14 installed in 1889	Nil
Post Hydrant #P-564 installed in 1954	504.17
2" C.I. Service #29675A installed in 1949	102.97
6" C.I. Fire Service #71123 installed in 1964	<u>310.86</u>

Total depreciated value	\$1,311.15
-------------------------	------------

The 2" service #29675A as well as the 6" cast iron fire service #71123 are in use at the present time and furnish a general supply as well as a fire supply to the Koda Realty Corp. (United Camera, Inc.) at 297 Elmwood Avenue. In the event that this portion of Moore Street is abandoned, it will be necessary for the Koda Realty Corp. to relocate these services so that they will enter the property from Elmwood Avenue. They will also have to relocate the meters on both the general as well as the fire supply. In acting on this matter, we would like to suggest that the Committee inform the Koda Realty Corp. that both services as well as the meters will have to be relocated and will have to be supplied from the Elmwood Avenue main requiring piping changes within the building.

We are forwarding a bill to the City Collector's Office in the amount of \$1,311.15 and request the Committee's consideration in withholding final action on this matter until a check is deposited with the City Collector covering the above amount.

Yours very truly,

Philip J. Holton, Jr.

Dear Mr. Vespia:

We have received a copy of the petition to the City Council for the abandonment as a public highway of Moore Street from Elmwood Avenue to its westerly termination.

This street is not presently within any redevelopment area and this Agency, therefore, has no objection to its abandonment. We suggest, however, that inquiry be made to Mr. Charles R. Wood relative to the possible effect of the Community Renewal Program on this property.

Dear Sir:

The portion of Moore Street petitioned to be abandoned is a dead end street 40.12 feet in width, running from Elmwood Avenue some 225± feet westerly, terminating at the Gilbert Stuart Jr. High School property.

It is shown as a platted street on "Plat of the Locust Grove Estate, belonging to A. D. & J. Y. Smith Surveyed and Platted February 24, 1847 by Cushing & Walling".
