

RESOLUTION OF THE CITY COUNCIL

No. 319

Approved June 12, 1986

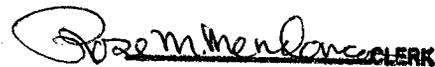

WHEREAS, An unnamed 20-foot platted way running from Hope Street to Morris Avenue between Montague Street and Doyle Avenue is in a seriously unsafe condition, and

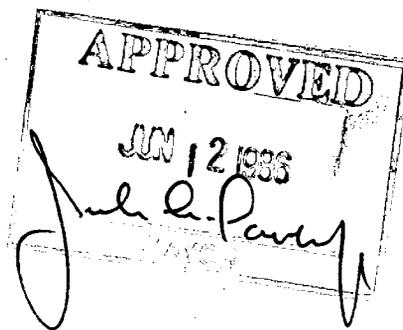

WHEREAS, Said way has not been received by the City but has been used by the public for a great many years, and

WHEREAS, The condition of said way is hazardous to residents of the area and motorists using the way,

NOW, THEREFORE, BE IT RESOLVED, That the Engineering Division of the Department of Public Works be requested to conduct a feasibility study of said way in order to determine whether the City can resurface the way or take other action to improve the condition thereof without causing damage or loss to the property of any abutting owner and for the purpose of recommending reasonable courses of action with regard to the foregoing situation.
