1. That the Company, paying the rents and charges hereby reserved and performing and observing the covenants of the Company herein contained, may peaceably hold and enjoy said premises during said term without any lawful let or hindrance by the City or any party claiming by, through or under the City, except as herein provided.

2. That the City will allow the railroad connections built by the City pursuant to the provisions of paragraph No. 3 of the original lease executed July 26, 1922, to be used jointly by the company, the owners and occupants of the land abutting on said connections and such other persons as the City may designate. The City may extend said connections across the easterly portion of the southerly four hundred forty (440) feet of the leased premises, for the purpose of serving the land owned by the City to the south of the leased premises and furnishing railroad facilities to such persons as the City may designate. It is hereby mutually agreed that no person other than the Company shall be permitted to use for loading, unloading or storing the portions of said connections or extensions upon the land leased to the Company; that the Company may use said connections, extensions and the main line tracks of the City in conformity with that certain agreement by and between the City of Providence and the New York, New Haven and Hartford Railroad Company dated September 20, 1917, for receiving freight consigned by rail to said premises and in shipping freight by rail from said premises. The Company shall not use any part of said railroad connections and extensions for loading or unloading cars excepting upon the land hereby leased. The Company shall in addition to the rent herein stipulated pay all operating and repair charges on said track layout upon the land leased to the Company.

3. The Company will keep the two Hammerhead Cranes

purchased by the City in good condition and assume the expense of all repairs and maintenance during such time as they may be used by the Company and are under the care and control of the Company, it being understood and agreed that said cranes are to be always available to the Company and are to be operated by the operators of the Company, but the City may use said cranes when not in use by the Company, and in case of such use will employ the operators of the Company if available therefor and will compensate said operators at the same rate as they receive from the Company.

4. It is furthermore agreed by and between the parties that the City at any time during the term of this lease or any extension thereof shall have the right at its own expense to build a quay wall or wharf upon the easterly end of the southerly four hundred and forty (440) feet of the leased premises and if the City exercises its right and builds said quay wall or wharf, the Company agrees that it will remove all buildings and store no lumber or other materials on the easterly two hundred feet of said southerly four hundred forty feet of the leased premises.

5. If it should ever happen that the Company desires to load or unload at one time more vessels than can be accommodated upon the leased premises, the City will endeavor to secure temporarily for the use of said additional vessels docking space for loading or unloading at the Municipal Wharf reasonably convenient for the Company if such docking space is available therefor, but the City is under no obligation to reserve any of its water front property to provide for the above contingency, and if it should ever happen that the City desires to load or unload at one time more vessels than can be accommodated at the Municipal Wharf, the Company will endeavor to secure temporarily for the use of said additional vessels docking space for loading and unloading upon the leased premises reasonably convenient for the City if such docking space is available therefor, but the Company is under no obligation

to reserve any of its water front property to provide for the above contingency.

8. That the City will not lease or permit the use of any of its property at Municipal Wharf to any other person, firm or corporation engaged in the same line of business as the Company, so long as the Company is actively using the premises hereby leased in such line of business. Provided, however, that nothing herein contained shall prevent the City from leasing its said property at the Municipal Wharf for the carrying on by local dealers of a retail lumber business. If, however, the Company ceases actively to use said premises in any such business and such cessation shall continue for three months after written notice to the Company that in the opinion of the City the Company has so ceased to actively use said premises in such line of business, the City may thereafter permit the use of its property to any other person, firm or corporation engaged in the line of business no longer actively used by the Company. It is understood and recognized by and between the parties that, in fixing the terms, conditions and rental herein provided, the city was influenced by its desire to encourage ships and shipping in the port of Providence, and if at any time the Company's business no longer requires regular sailings of vessels to Municipal Wharf, and such other conditions shall continue for one year after written notice to the Company that in the opinion of the City the Company has ceased to require regular sailings of vessels to Municipal Wharf, in its business, thereupon the City shall have the right and option at any time thereafter to

declare this lease at an end and thereupon said lease shall terminate.

9. That the Company will use the leased premises solely for the purpose of receiving, storing, milling, resawing and shipping lumber, and such other business as the City Council by Resolution may from time to time permit, but shall not engage during the life of this lease in the retail lumber business.

10. It is further understood and agreed by and between the parties hereto that all buildings and improvements erected or placed upon said land are and shall be pledged for the payments of all rents and sums of money accruing or owing under this lease. And at any time after default in the payment of any rent or sum of money accruing or owing under this lease, and such default shall have continued for the space of thirty (30) days, from and after written notice as hereinafter provided is served upon the Company, it shall be lawful for the City to enforce said pledge by selling the buildings and improvements, or any of them on said leased premises at public auction, first giving notice once a week at least for three successive weeks of the time and place of such sale by advertisement in some newspaper published in the City of Providence and in its, or their own name or names, or as the attorney or attorneys of the Company, (for that purpose by these presents duly authorized and appointed with full power of substitution and revocation), to make, execute and deliver to the purchaser or purchasers thereof good and sufficient transfers or bills of sale thereof; and to receive the proceeds of such sale or sales, and from such proceeds to retain the amount of rent then due from the Company and all other sums of money accruing or owing under this lease, together with the expenses incident to such sale or sales, rendering and paying the surplus of said proceeds, if any there be, to the Company; said notice may be served by leaving the same at any office on the premises hereby leased with any person there employed, or by posting the same on any outer door of any building now or hereafter on said premises.

11. That the Company will not assign this lease or sublet the whole or any part of said premises without the consent of the City Council.

12. That the Company at the expiration or sooner termination of said lease will remove all buildings and improvements, together with the foundations of the same, from said leased premises and will leave said leased premises in good condition.

13. That the Company will not keep explosives of any kind upon said premises.

14. That the Company will pay all damages that may be occasioned to the sea wall, cap log or fender piling due to the negligent handling of any vessel which may tie up to said Municipal Wharf for the purpose of receiving or delivering cargo to the Company.

15. It is further agreed by and between the parties that upon six months notice in writing by the City to the Company, the Company will grant to the City a right of way for a single track railroad twenty (20) feet in width across said leased premises, the location of the center line of said right of way being delineated on said plat as "Center Line of Easement 20.0' Wide Reserved for Railroad" and also defined by letters F G on said plat. It is further agreed by and between the parties that upon said notice and before the expiration of said six months, the Company will remove all of its structures located on said twenty-foot right of way, but will not be required to do any grading upon said twenty-foot right of way.

16. It is furthermore agreed by and between the parties that the City will maintain the bulkheads adjoining the leased premises and will use reasonable means to prevent any of the leased premises from being washed away, and if washed away will promptly refill and restore the area so washed away, but it is agreed that the City shall not be responsible for any damages which may be done to said Company by reason of any washout.

17. The Company shall have the right and option, to renew

said lease for a further term of ten years from and after the first day of August, A. D. 1942, upon the same terms and conditions as herein contained, except that the minimum payment per year shall be such fair sums as may be mutually agreed upon, said agreement to be consummated at least thirty days prior to the said first day of August, A. D. 1942, and in case the parties cannot agree upon the rent fixed as aforesaid, the Company may exercise said right and option at any time before said first day of August, A. D. 1942, for said further term of ten years from said first day of August, 1942, and the minimum payment per year thereupon shall be fixed and determined by a majority of three judicious men, one to be chosen by the Mayor (for the time being) of the City of Providence, one to be chosen by the Company, and the third by the two so chosen. In case either party hereto shall neglect or refuse to choose the arbitrator to be chosen as aforesaid, or in case the two so chosen shall fail to choose a third arbitrator, and such default shall continue for the space of ten days, then upon application made by either party, the Presiding Justice of the Superior Court for the Counties of Providence and Bristol of the State of Rhode Island, or in the absence of said Presiding Justice, any justice of said court may, after notification to the other party, appoint such arbitrator as may be necessary to carry out the provisions hereof, the cost of such arbitration to be paid one-half thereof by the City and the other half by the Company. The arbitrators shall determine what amount will be the fair minimum payment per year for said term, taking into consideration all pertinent facts and shall not be limited as to the amount to be fixed and determined by them.

No. 170. Resolution Requesting the Rhode Island Senators and Representatives to Appear Before the War Department Relative to the Proposed Clearances of the Proposed Bridge from Warwick, R. I., to East Providence, R. I.

(Approved May 4, 1932.)

Whereas, It has come to the attention of the City Council that the Army Engineers of the National Government are about to recommend to the War Department a horizontal clearance of 800 feet and a vertical clearance of 150 feet over the channel in Narragansett Bay in the proposed erection of a bridge from the City of Warwick to the Town of East Providence, and

Whereas, After careful study and examination of bridge clearances over navigable streams in all parts of the country by S. Frank Nolan, City Engineer and Port Agent of the City of Providence, it appears that the proposed clearances for the Narragansett Bay Bridge are insufficient with no provision for future development and further tend to dwarf and bottle up the port development of the City of Providence.

THEREFORE, BE IT RESOLVED, That the City Council of the City of Providence hereby protests against the proposed clearances as recommended by said Army Engineers and respectfully asks our two Senators and three Representatives of the present Congress to appear before the War Department and advocate a horizontal clearance of 1,500 feet and a vertical clearance of 174 feet in the main span of said bridge.

(Approved May 4, 1932.)

Whereas, The Collector of Customs has stated that a contemplated 10% cut in the appropriation for the Customs Bureau of the Treasury Department will necessitate the consolidation of customs districts throughout the country; and

Whereas, Such a plan will result in the abolishment of Providence and Rhode Island as a collection district, reducing the Port of Providence to a sub-port of entry under the collection district of Massachusetts; and

Whereas, Such a consolidation will result in lengthy and costly delays in the liquidation of imports, and have a very disastrous effect upon the future development of the Port of Providence;

NOW THEREFORE, BE IT RESOLVED, That the City Council of the City of Providence hereby protests any abolishment of the present customs district of Rhode Island and respectfully requests our two senators and three representatives of the present Congress to vigorously oppose any movement to that effect.

IN BOARD OF ALDERMEN.

JUNE 14, 1932.

Pursuant to a Warrant issued by His Honor the Mayor, the Board of Aldermen meets this day in special session at 12 o'clock noon.

The following message of His Honor the Mayor is read, viz.:

CITY OF PROVIDENCE,
EXECUTIVE DEPARTMENT,
CITY HALL.

June 14, 1932

To the Honorable the Board of Aldermen of the City of Providence:

GENTLEMEN:

As tomorrow, June the 15th, is the last day under Section 3, Chapter 1919, of the Public Laws, passed April 15, 1932, for any action by cities and towns in our State to increase their intangible personal property tax; namely, in the City of Providence from 40 to 50 cents per hundred, the Finance Committee has unanimously requested me to call Your Honorable Body together in Special Session for the purpose of considering this provision to take care of the loan made by the City of Providence from the State.

I believe that the common sense thing for the Legislature, when they passed this Act, would have been to provide means to take care of the loans for the cities and towns at the same session of the Legislature. Failing to do so, the State Legislature has simply shifted the responsibility on the various cities and towns.

The increase of ten cents in the intangible tax will only take care of a portion of the loan already made. The Finance Committee believes that to insure the credit of the City against future loans, and in order to provide adequately for the relief of unfortunate people in Providence next winter, favorable consideration should be given this section of said Act.

Therefore, I have called Your Honorable Body together in Special Session today for the purpose of considering the foregoing and for any other business which may legally come before you for action.

JAMES E. DUNNE,

Mayor.

To the Honorable the Common Council of the City of Providence:

GENTLEMEN:

for any action by cities and towns in our State to increase their intangible personal property tax; namely, in the City of Providence from 40 to 50 cents per hundred, the Finance Committee has unanimously requested me to call Your Honorable Body together in Special Session for the purpose of considering this provision to take care of the loan made by the City of Providence from the State.

"CHAPTER 1271.

"AN ACT IN ADDITION TO AN ACT, ENTITLED, 'AN ACT CONCERNING THE ESTABLISHMENT OF HIGHWAYS IN THE CITY OF PROVIDENCE,' PASSED JANUARY 12, A. D. 1843.

"It is enacted by the General Assembly as follows:

"Section 1. Whenever the owners of two-thirds or more of the total linear frontage of all the lots of land on both sides of and adjacent to any land in the City of Providence which has been surveyed and platted as a street or highway or part thereof, and the plat thereof recorded in the land records of said City, shall present to the Board of Aldermen of said City their petition praying that such street or highway or part thereof may be established as a public highway, and accompanied by a copy of so much of said plat as shows such street or highway or part thereof and the lots abutting thereon, it shall be lawful for said Board of Aldermen to proceed and cause notice to be given to all owners of land abutting on such street or highway or part thereof, who have not joined in such petition, to appear before them, if they see fit, at a time to be fixed in such notice, and be heard for and against establishing such street or highway or part thereof as a public highway. No. 334. Resolution Relative to Deferring Certain Sewer Assessments on Admiral Street.

(Approved September 29, 1932.)

Whereas, By Joint Resolution of the City Council No. 380, approved September 20, 1929, the Commissioner of Public

Works was directed to cause a main drain or common sewer to be constructed in Admiral street, from near Hazael street to the City Line, in accordance with the plans and specifications of the City Engineer.

Whereas, The Commissioner of Public Works caused said main drain or common sewer to be constructed in accordance with the provisions of said Resolution and caused an assessment to be made upon the estates abutting on said portion of Admiral street pursuant to the provisions of Section 4 of Chapter 815 of the Public Laws, passed at the January Session, A. D. 1880, and the amendments thereto; and

Whereas, The owners of most of the lands abutting on said portion of Admiral street have claimed that the assessment as to their particular unimproved lands is confiscatory and have questioned the legality of said sewer assessment relative thereto; and

Whereas, Said owners have expressed a willingness to agree for themselves and their several heirs and assigns, such agreements to be covenants running with the land, that they will waive their claims of illegality and will pay said sewer assessments without interest on their respective lots whenever with respect to each such lot application is made and permission to enter said sewer is given to the owner or owners thereof, or whenever any buildings shall be constructed or placed thereon. If two or more of lots are united in one estate upon such application and permission or building on or relative to any one of the lots included in such estate, the owner or owners thereof shall thereupon pay the assessment on all the lots included in such estate. If two or more of said lots are united in one estate after the assessments are due upon any one or more of them, the assessments upon the other lots so included shall be immediately due.

Said agreements shall also contain a stipulation that the lien on said lots respectively shall continue in force as to each of

said lots until the sewer assessment against each of said lots shall be paid, it being expressly understood and agreed, however, that as soon as the assessment on each lot shall be paid, such lot shall be forever discharged from further liability.

NOW THEREFORE RESOLVED, That, in consideration of such respective agreements by the owners of lands on said part of said street, the City of Providence hereby agrees to and does postpone the collection of the said sewer assessments upon each of the lots covered by such agreements in accordance with the terms of such agreements, and does hereby authorize and direct that the collection thereof be made in accordance with such agreements: Provided, however, that the within Resolution shall apply only to such lots as are included in such agreements upon the execution and delivery thereof to the City.

IN COMMON COUNCIL.

OCTOBER 3, 1932.

The Committee on Claims reporting adversely thereon, it is voted that Morris Diamond and wife Rebecca be granted leave to withdraw their petition for remission of taxes.

Councilman McLaughlin presents the following Resolution, which is read and passed, viz.:

Whereas, The United States Intercoastal Conference has issued an Eastbound Rate Advice effective October 1, 1932, establishing an arbitrary of $7\frac{1}{2}\phi$ per hundred pounds on all ships from the Pacific Coast discharging at the port of Providence, and;

Whereas, It is reported that a similar rate advice will be issued in the near future effecting in a similar way westbound ships, and;

Whereas, The establishment of a 7½¢ arbitrary is an unjust discrimination against shipments to the port of Providence and will result in such shipments being discharged at Boston, and;

Whereas, The effect of this arbitrary will greatly decrease shipments to Providence and may result in a discontinuance of service by certain steamship companies;

THEREFORE, BE IT RESOLVED, That the Common Council of the City of Providence hereby protests the action of the United States Intercoastal Conference and respectfully petitions the United States Shipping Board to disapprove of such rate or charge as will result in discrimination between shippers of ports, and;

BE IT FURTHER RESOLVED, That the City Clerk of the City of Providence be and he is hereby directed to forward copies of this protest to the Chairman of the United States Shipping Board and to the Senators and Representatives from Rhode Island in the Congress of the United States.

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS,
EXECUTIVE CHAMBER,
PROVIDENCE.

To Honorable Board of Aldermen, City of Providence, Rhode Island:

GENTLEMEN:

Your letter requesting that I call a Special Session of the General Assembly for the purpose of securing more funds for unemployment relief, has been studied by me in connection with the reports of the Governor's Conference, and other correspondence from various parts of the State, with reference to this same question.

There have been two appropriations: one made by the Special Session in November, 1931, of approximately \$1,500,000,

to be made available to cities and towns which were unable to provide unemployment relief from their own treasuries, and could not negotiate further borrowings; and an additional \$1,000,000, at the regular session, making a total of \$2,500,000. This latter million dollars was diverted from the State Board of Public Roads account to increase further the amount available for the cities and towns facing serious relief problems.

I never contemplated that the money borrowed from the State, under this Legislation should be repaid to the State out of ordinary current income. Therefore, I recommended certain permissive taxes be levied by cities and towns, so that the entire unemployment relief job would be made self-liquidating. With the single exception of the City of Providence, no city or town has taken advantage of the taxes suggested. The result is that the State has obligated itself for an expenditure of \$2,500,000 this year, without any prospect of income to offset that expenditure.

I am now informed by the State Unemployment Relief Commission that six or seven cities and towns will reach their limit of borrowing capacity, under the State Law, in October or in November, and that Providence in particular will have to borrow in anticipation of tax collections, in order to carry on its unemployment relief program during November and December.

Consequently, I intend to tell you exactly what I propose to recommend at the next session of the General Assembly, if I am continued in office, to complete the programs inaugurated during this Administration.

My study shows that the assessed valuation in Rhode Island on real estate and improvements, as of June 15, 1932, indicate that the real estate taxpayers will be forced to pay over 80% of all direct taxes collected by the cities and towns, and consequently will carry the burden of unemployment relief to nearly the same extent. Failure of the cities and towns to assess the special taxes authorized by the Legislature has rendered it im-

perative that the State take action to relieve the real estate taxpayer of this excessive burden.

I, therefore, will recommend that upon the payment of interest due to the State June 30, 1933, the original \$1,447,016 loan be an expense assumed entirely by the State. In other words, since the cities and towns have not availed themselves of the tax legislation made permissive by the General Assembly, and since they cannot raise money without increasing real estate taxes, which are already burdensome, I recommend that all loans made under the original appropriation from the State Treasury be cancelled.

The money borrowed from the State Board of Public Roads must be repaid. But to offset this, I will recommend that the Legislature appropriate not less than \$1,000,000, to be equitably apportioned among the cities and towns in the same ratio as previously authorized, for unemployment relief; and, further, that cities and towns be authorized to issue bonds for any further sums which may be found necessary for this purpose.

In other words, I will recommend that the debts incurred under the original appropriation be cancelled, and that an appropriation be made by the Legislature to offset the debts incurred under the second appropriation.

With this contribution on the part of the State, it does not seem to me to be inequitable to ask the cities and towns to care for their relief problem during the months between now and the next regular session of the Legislature, as the money which they have already borrowed will be cancelled, and they will be able to borrow further money in anticipation of taxes, or their collection of taxes will make cash available to them for this purpose.

Very truly yours,

/s/ NORMAN S. CASE,

Governor.

In case either party hereto shall neglect or refuse to choose the arbitrator to be chosen as aforesaid, or in case the two so chosen shall fail to choose a third arbitrator, and such default shall continue for the space of ten days, then upon application made by either party, the presiding justice of the superior court for the counties of Providence and Bristol of the State of Rhode Island, or in the absence of said presiding justice any justice

8. The lessee hereby agrees to raze the building now on the premises at its own cost and expense and hereby assumes full responsibility for all damages and injury which may result to any person or persons or to adjoining property by reason of the razing of said building or by reason of the excavation for and the erection, construction and maintenance of any building or buildings upon the premises and agrees and covenants to hold the lessor harmless from any such claim or claims. lumber and woodwork or any part thereof are ready to be taken away.

9. And the said lessee, for itself, its successors and assigns, covenants and agrees with the said lessor to keep in good condition and repair, at its, and their own proper cost and expense the sidewalk adjoining the aforescribed premises, to comply with all notices and orders received by it, or them, from the Commissioner of Public Works of Providence with reference thereto, and to remove the snow from said sidewalk; and the said lessee, for itself and for its successors and assigns, further covenants and agrees to assume all liability for injury to pedestrians due to any defects in said sidewalk.

And the said Lessee for itself and for its successors and assigns covenants and agrees that in addition to the payment of said rents as aforesaid, and in further consideration of this lease, it or they will pay annually all City, State and other taxes legally assessed upon buildings and improvements on said land.

11. And the said lessee for itself and for its executors, administrators and assigns, covenant to and with the said lessor, its successors and assigns, that it or they will pay or cause to be paid, all rents and sums of money accruing or owing under this lease; that it or they will not assign this lease without the consent of the City Council or their successors being first obtained in writing allowing thereof; and also that it shall be lawful for said City Council, or their successors, or either of them at reasonable times to enter into and upon the premises to examine the condition thereof, and further, that said lessee and its legal representatives or assigns shall and will at the expiration of this lease, peaceably yield up unto the said lessor, its successors or assigns, all and singular the premises aforesaid. Provided, always, and these presents are upon this condition, that if the said rent or payment of any money due under this lease shall be in arrears and unpaid after the same shall have become due and payable, or the said lessee or its successors or

assigns shall break, or disregard, or neglect, or fail to perform and observe any or either of the covenants or agreements herebefore contained, which are on its or their parts to be performed, then and in either of said cases, the said lessor, its successors or assigns, may lawfully and immediately or at any time thereafter, and while such neglect or default continues, terminate this lease and without further notice or demand, enter into and upon the said premises or any part thereof in the name of the whole, and repossess the same as of their former estate and expel the said lessee and those claiming under it and remove their effects (forcibly if necessary), without being taken or deemed guilty of any manner of trespass, and without prejudice to any remedies which might otherwise be used for arrears of rent or money or preceding breach of covenant; and in case of any assignment of this lease, by consent as aforesaid, the assignee thereof shall at once notify the said lessor in writing of his acceptance thereof and duly covenant and agree to abide by and perform the promises, covenants and obligations assumed by the lessee herein named for the remainder of said term of lease or will at the option of said lessor duly execute as lessee a lease comprising the terms, covenants and obligations herein contained so far as applicable to each new lease.
