No. 202

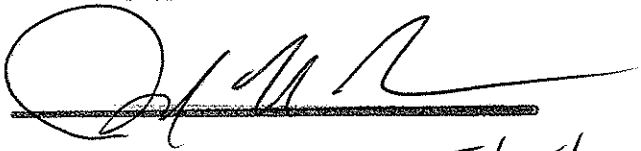

Approved May 15, 2009

RESOLVED, That the Members of the Providence City Council hereby encourage School Superintendent Thomas Brady to investigate and develop a proposal expanding the "garden club" model, presently being assisted by the Southside Community Land Trust in several Providence schools, that teaches students about proper nutrition while also creating a connection to and a better understanding of growing healthy food in an urban environment, to include all schools and to make it a part of school curriculum similar to the *Garden in Every School* initiative of the California Department of Education.
