Property Management Never Takes a Vacation

But...

WHEN you take your vacation, you can make your cares vacate at the same time.

Who wants to worry over property management — collecting rents — keeping everything in good repair — providing against the lapse of any insurance policy — attending to investments and subscription rights — clipping coupons when due — redeeming called bonds — crediting dividend checks — making installment payments on part-paid stocks — or many other burdensome matters that may arise?

Somebody has to. All right, let the "Bank of Commerce" do it! Our trust officers will gladly explain, without obligation, how an Agency Agreement operates, and how it relieves individuals of just as much or as little of the burden of property management as desired.

At the same time we can provide you with Letters of Credit, A.B.A. Travelers Cheques, and many other facilities which represent peace of mind, convenience and service

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

THOUGHTFUL COURTESIES

If you are a firm believer in the thought that it is the little things in life that count, you will find new revelation in the complete, prompt service that always is at your disposal here.

Sampson & Murdock Co.

Publishers of Directories of Live Cities

*List and Prices
on Application*

Your advertisement in any or all of them will
prove to be a compelling force for good business.

Sampson & Murdock Co.

509 WESTMINSTER ST. PROVIDENCE, R. I.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

LETTERS

For many years we have experimented with various methods
of producing letters which really look like typewritten copies.

To get your letter before a busy executive it must look exactly
like one of his regular business messages.

The Kier Individualizing Press is a new invention and with it
we are furnishing letters which are exactly like those written
individually upon a typewriter.

Let us send you not only samples but proofs of what our
letters are doing for others.

We offer a complete service including—Lists—Use of Lists—
Addressing—Mailing—Copy Work.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

*But it is only seen by those who
pass your way*

If you could put a sign where everyone could see it would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

*To be properly registered costs less than
to be left out*

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$

**CONSULTATIONS OR CIRCULATIONS

Providence House and Street Directory

COPYRIGHT, 1931, SAMPSON & MURDOCK CO., PROVIDENCE, R. I.

Giving the location of street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.

A list of Householders and Business Places arranged in numerical order upon their respective streets. Odd numbers located on right side of streets, even numbers on left side with a few exceptions.

The streets are arranged in alphabetical order.

The location of intersecting streets is clearly shown at the actual number where they intersect.

Business places are denoted by the street number printed in heavy-faced figures. When a person's place of business and residence are at the same place, it is indicated by the use both of heavy-faced figures for the street number and of the abbreviation h at the end of the line. Names preceded by light-faced figures and having no abbreviation after them are housekeepers.

The abbreviation r between the street number and the name signifies "rear".

*Shows buildings incorrectly numbered.

For condensed street directory see Providence City Directory.
